DESCRIPTION:

**“RISK SE MILEGA RETURN”**

A stock market, equity market or share market is the aggregation of buyers and sellers of stocks, which represent ownership claims on businesses; these may include securities listed on a public stock exchange, as well as stock that is only traded privately.

The **stock market** serves two very **important** purposes. The first is to provide capital.

The other way investors can profit from buying **stocks** is by selling their **stock** for a profit if the **stock** price increases from their purchase price.

In this event all the participants will be given certain amount of points in the beginning and they will have to invest in virtually designed stock market. After 24 hrs the person with the highest increment in points will win and will be rewarded.
